

We're going on a Recycling Hunt

We're going on a recycling hunt
We're going to save the planet
What a beautiful day!
We're not scared.
Uh-uh!
Rubbish!
Lots of bright, shiny cans.
We can't go over them
We can't go under them
Oh no!
We'll have to recycle them!
Empty them, crush them, recycle them!

We're going on a recycling hunt
We're going to save the planet
What a beautiful day!
We're not scared.
Uh-uh!
Rubbish!
Lots of sticky, plastic bottles
We can't go over them
We can't go under them
Oh no!
We'll have to recycle them!
Empty them, put the lid on, recycle them!

We're going on a recycling hunt
We're going to save the planet
What a beautiful day!
We're not scared.
Uh-uh!
Rubbish!
Lots of old, floppy boxes.
We can't go over them
We can't go under them
Oh no!

We'll have to recycle them!
Empty them, flatten them, recycle them!

We're going on a recycling hunt
We're going to save the planet
What a beautiful day!
We're not scared.
Uh-uh!
The ocean!
The big, beautiful, deep blue ocean
We can't go over it
We can go under it
We'll have to swim through it!
Splish, splash, splosh!

WHAT'S THAT!?
One bright shiny can!
Two sticky plastic bottles
Two soggy floppy boxes
IT'S RUBBISH!!!!
Quick!
Empty them, crush them, recycle them!
Empty them, put the lid on, recycle them!
Empty them, flatten them, recycle them!
Go in kitchen
Go in the bathroom
Look for packaging that can be recycled
Recycle all the cans, bottles and boxes possible
Don't let rubbish go in our ocean
Help save our planet.
